Khaled Wael

Damietta, Egypt
Email | GitHub | LinkedIn

Education

Fayoum STEM School | High School Diploma (STEM Track) **Egypt**, **2024** | **2027**

Technical Skills

Programming Skills: Python, Rust, SQL, JavaScript, HTML & CSS

Significant Experience In AI: Machine Learning & Deep Learning Algorithms, Computer Vision, LLM Transformers, RAG, LRM, Model Evaluation, Model Deployment

Frameworks & Tools: PyTorch, TensorFlow, scikit-learn, Hugging Face Transformers, OpenCV, Ultralytics YOLO, PostgreSQL, FAISS, Flask, Docker, Git/GitHub, REST APIs

Experience

OptiVerse AI | Founder & CTO **Dec 2025** | **Present**

- Built an AI retinal imaging platform that detects ocular diseases, generates 3D reconstruction models, and provides physicians with a dashboard management and diagnostic reporting; secured equity-free funding for development.
- Adapted an LRM-based reconstruction architecture with a custom-trained visual encoder using approximately 120,000 retinal fundus images, and developed a synthetic 3D dataset with rendered views.

FlyRank AI | ML Engineering Intern | Remotely **Jun 2026** | **Aug 2026**

- Developed a Random Forest model to prioritize web pages for content updates, achieving 95% Precision@20 on unseen customers versus 70% for a traditional rule-based baseline.
- Analyzed SEO and GEO signals to pinpoint CTR stability and ranking volatility as early warnings of traffic decline, enabling proactive interventions that improved traffic retention by 20%.

SpaceTech | AI Engineering Intern | Remotely **Aug 2026** | **Oct 2026**

- Developed an AI chatbot for Wasta, a skills-based hiring platform, leveraging RAG and contextual conversation to deliver personalized career guidance.
- Built context-aware assistance and personalized learning roadmaps organized into milestones.

Leadership & Volunteer Experience

TechnoXian World Robotics & Coding Championship 2026 | Judge **Jun 2026**

- Evaluated Robot Soccer and Web Artist teams, providing technical feedback to participants from 50+ countries.

Tekton Hack Club | Co-Founder **Jan 2025** | **Present**

- Founded a school Hack Club branch, leading hands-on workshops where students shipped 50+ projects and managing project funding and prizes.

Egyptian Red Crescent | Volunteer **Jul 2025** | **Present**

- Contributed 200+ volunteer hours supporting blood drives, fire-relief efforts, clothing fairs, and daily operations at Saqr 153 camp.

Honors & Awards

1st Place Global Winner, Purple Comet! Math Meet 2026 **May 2026**

1st Place Winner, Cairo AI Hackathon **Dec 2025**

International Research Project Olympiad (IRPrO-2026), Global Finalist **July 2026**

International Telecommunication Conference (ITC-2026), Global Finalist **Aug 2026**

INNOVERSE 2026, Global Finalist **May 2026**
